

Oak Grove High Theatre

I understand that Oak Grove High School Theatre Department has been chosen to represent Mississippi at the largest theatre festival in the world in Edinburgh, Scotland, in the beginning of August of 2023. I understand that my student will be considered an ambassador and will not be able to attend if they have been to alternative school. I understand that the department will be doing numerous fundraisers that will be available for my child to participate in to help with the cost. I understand that I am responsible for meeting each deadline whether my student fundraises it or not. I understand by signing this that I agree to financially meet the deadlines for this trip.

Parent _____

I understand that my parents have to support me in this endeavor to audition for the "Scotland production". I also understand that I must work the fundraisers for any of the funds to go towards me. I will be dedicated to the process throughout the time until we return from the trip.

Dani, hi, wow, um, where to begin? I took up yoga. Mastered it. I could teach it now if I wanted to, but I don't have the time because I started a podcast about fictional true crimes, which is a genre I invented, and then I sold the movie rights to my podcast, which was a whole thing with lawyers and all this money and such, and then I bought a house in the country which needed a little work so I hired this handyman who used to be a model, and we fell in love and we're getting married and I blogged about our romance, and then I sold the movie rights to the blog, and you'd think that once you've sold something to Hollywood, the second time wouldn't be as exciting, but you'd be wrong, it's just as exciting, and anyway, I've been keeping busy, what about you?

GUYS MONOLOGUE

Look, everyone is always concerned about who's a good guy and who's a bad guy. Can't we just all be super-powered beings who want things? Like you want world peace. Good for you, more power to you. I want to enslave the human race and make larger metal pyramids over the existing Egyptian pyramids which I will use with my natural telekinetic space force to control when and how black holes appear in this dimension of the universe. So that, at first view, might run counter to you wanting world peace, but I can assure you that once I enslave the humans they will be very peaceful. Non-peaceful ones will be put to sleep. I don't have time for that. I have a universe to rule. From my castle upon the biggest metal pyramid in Egypt.
